Third-party  
tested and certified

Independent laboratory load testing certificates and Declarations of Conformity are available on request. Please contact [team@neverletgo.com](mailto:team@neverletgo.com).

DESCRIPTION

The Adjustable Wristband creates a universal fit anchor point on the wrist and utilises a durable plastic D ring for quick and easy lanyard attachment. It is the wrist anchor point of choice in many industries due to its flexibility and ease of use.

Designed for all-day comfort It is made from soft yet durable padded webbing that provides full adjustability allowing one size to fit all.

The Adjustable Wristband has a non-conductive construction making it ideal for environments where metal-free equipment is a requirement.

Pair with the Short Coil Lanyard (101364) to create a secure tethering system perfect for small hand tools.

Expert Tip: Based on medical research, NLG recommend that the maximum weight attached to the wrist is 1.5kg.

FEATURES

High comfort durable elasticated webbing provides ergonomic all-day comfort

Easy-adjust Velcro fastening

Non-conductive design

Anchor Use - can be utilised as an anchor point on a wrist ,rail or scaffolding

Tether Use - can be used to tether cylindrical objects such as spray cans

INSPECTION

In addition to routine checks before each use, all equipment should undergo regular detailed inspections, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for a thorough inspection.
