NLG ID™ Serialised and safe

Simply scan the NLG ID tag with your phone to instantly access certificates, instruction videos and log inspections. (See Specification if included).

Third-party tested and certified

Independent laboratory load testing certificates and Declarations of Conformity are available on request. Please contact team@neverletgo.com.

DESCRIPTION

With tablets, such as iPads, now being used widely for inspections and other tasks when working at height, We have created the NLG Tablet Case to eliminate the risk and expense of dropping them. The Tablet Case is simple to use and can be used with all types of tablets.
 The NLG Tablet Case is a protective case, constructed from industrial grade neoprene and incorporates a 'soft touch' screen cover which retains all the functions of the tablet. Multiple camera apertures ensure that it is compatible with all the popular tablets on the market.
 Complete with a shoulder strap, the Tablet case can be used as a stand-alone item or connected to a harness or belt with a tool lanyard.

FEATURES

Designed to work with all popular tablets, such as iPad®, making it ideal for inspection work
 Soft Touch screen protector retains full touch functionality
 3 Camera apertures for compatibility with common tablet camera positions
 Non-conductive, lightweight plastic D Ring attachment points
 Useful shoulder strap included for convenient carrying

INSPECTION

In addition to routine checks before each use, all equipment should undergo regular detailed inspections, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for a thorough inspection.
