

NLG Locking Retractable Tool Lanyard

Product Code:
101389

Max Load:
1 KG / 2.2 LBS

OVERVIEW

The Locking Retractable Tool Lanyard features an ultra-low profile durable design and a self-retracting mechanism to avoid snagging in confined spaces. The double-action stainless steel carabiners allow for easy attachment and the locking mechanism provides instant lock-out at any point.

NLG ID™ Serialised and safe

Simply scan the NLG ID tag with your phone to instantly access certificates, instruction videos and log inspections. (See Specification if included).

Third-party tested and certified

Independent laboratory load testing certificates and Declarations of Conformity are available on request. Please contact team@neverletgo.com.

DESCRIPTION

The Locking Retractable Lanyard is an ultra-low profile self-retracting tool lanyard tool designed to fit onto any anchor point with its double action carabiner.
 The compact design is ideal for confined spaces and provides almost 360° coverage and free movement whatever the position.
 The unique locking mechanism can be activated at any position allowing you to lock out your tool at a desired length and can be quickly released when required. The rot-proof and rust-proof webbing coil ensures a long product lifespan and almost maintenance-free operation.

FEATURES

Locking mechanism allows instant lock-out at any point
 Durable double-action stainless steel carabiners
 Retractable design reduces snagging hazards in confined spaces
 Anti-tamper security markings protect unit integrity

INSPECTION

In addition to routine checks before each use, all equipment should undergo regular detailed inspections, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for a thorough inspection.
