DESCRIPTION

The GO™ Webbing Lanyards provide an excellent balance of value and performance. As part of our GO™ range, they are economical in price without compromising on what matters. They are constructed from a durable webbing that provides improved wear characteristics making them ideal for harsh work environments. With the added advantage of the unique Quick Clip™ connectors at both ends, the NLG Webbing Tool Lanyards remain tangle-free and allow for easy operation even with gloves on. The Webbing Tool Lanyards are available in 0.25m, 1m and 1.5m lengths.

FEATURES

Dual Quick Clips™ provide effortless and secure attachment as well as anti-tangle functionality
 Extended product life with heavy-duty narrow weave webbing
 Faster visual inspections with contrast stitching

INSPECTION

In addition to routine checks before each use, all equipment should undergo regular detailed inspections, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for a thorough inspection.
