

# NLG Extended Coil Tool Lanyard

Product Code:  
101476

Max Load:  
3 KG / 6.6 LBS

## OVERVIEW

The Extended Coil Tool Lanyard perfectly balances durability, compactness and reach. Its coiled design helps avoid snagging hazards whilst still effortlessly allowing 2 metres of reach. Featuring dual Quick Clip™ the lanyard is both secure and easy to use, even whilst wearing gloves.

**NLG ID™**  
Serialised and safe

Simply scan the NLG ID tag with your phone to instantly access certificates, instruction videos and log inspections. (See Specification if included).

Third-party  
tested and certified

Independent laboratory load testing certificates and Declarations of Conformity are available on request. Please contact [team@neverletgo.com](mailto:team@neverletgo.com).

DESCRIPTION

The Extended Coil Tool Lanyard provides effortless reach to 2M so that it can be used comfortably at full stretch for longer tasks. The long length combined with lightweight componentry has made it one of the most popular tool lanyards, across many industries.

The compact coil is both durable and easy to clean making it ideal for dirty or harsh work environments. The dual 360° Quick Clip™ connectors stop any tangles when in use and work well with rotating tools such as scaffold spanners and screwdrivers.

Partner the Extended Coil Tool Lanyard with the Tool Holster (101470) to create a secure and functional tethering solution.

FEATURES

Low recoil force makes it ideal for extended periods of use  
 Compact design stays neatly out of the way and reduces snagging hazards  
 Quick Clip™ provide effortless and secure attachment as well as anti-tangle functionality  
 Anti-puncture wipe clean sleeve makes cleaning easy  
 Durable and lightweight PU Core

### INSPECTION

In addition to routine checks before each use, all equipment should undergo regular detailed inspections, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for a thorough inspection.
