

NLG Lightweight Coil Tool Lanyard

Product Code:
101493

Max Load:
1 KG / 2.2 LBS

OVERVIEW

The Lightweight Coil Tool Lanyard provides a secure solution for tethering small tools such as spanners and ratchets. Its compact coiled design and dual rotating connectors help avoid snagging and tangles whilst still allowing the user to access those hard to reach places.

NLG ID™
Serialised and safe

Simply scan the NLG ID tag with your phone to instantly access certificates, instruction videos and log inspections. (See Specification if included).

Third-party
tested and certified

Independent laboratory load testing certificates and Declarations of Conformity are available on request. Please contact team@neverletgo.com.

DESCRIPTION

The Lightweight Coil Tool Lanyard has been designed specifically for scaffolding spanners, ratchets and other small tools in the scaffolding and construction industries.
 The low recoil force of the coil allows for effortless reach so that it can be used comfortably all day, whilst the anti-puncture provides durability and makes it easy to wipe clean. The robust, rotating connectors have been designed so that they do not interfere with the operation of the spanner and prevent any tangling to make this the ideal scaffold spanner tool lanyard.

FEATURES

Compact 360° connectors are ideal for scaffolding small tools and provide anti-tangle functionality
 Low recoil force makes it ideal for extended periods of use
 Ultra-compact design stays neatly out of the way and reduces snagging hazards
 Anti-puncture wipe clean sleeve makes cleaning easy

INSPECTION

In addition to routine checks before each use, all equipment should undergo regular detailed inspections, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for a thorough inspection.
