Third-party tested and certified

Independent laboratory load testing certificates and Declarations of Conformity are available on request. Please contact team@neverletgo.com.

DESCRIPTION

The NLG Bottle Holster is a quick simple way to secure any bottle or can when working at height.
 Engineered from abrasion-resistant neoprene, with ballistic nylon hardware this holder is designed for hard use. The holder will work with any standard spray can or aerosol, and water bottles up to 500ml. The holder features a clip on the rear which allows the user to clip the holder directly onto their belt or harness and then by attaching a lanyard to the D Ring the bottle is 100% secure when working at height, even when the bottle or can is in use.

FEATURES

Durable and comfortable neoprene construction
 High quality components such as military-grade ballistic nylon buckles
 Universal fit for bottles and cans from 16cm-21cm (6"-8") tall

INSPECTION

In addition to routine checks before each use, all equipment should undergo regular detailed inspections, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for a thorough inspection.
