DESCRIPTION

The Drop Net is a simple but effective solution to prevent parts and debris from falling through raised gratings and walkways. Featuring 6 Adjustable anchor points ensures that the product stays secure, even on the roughest of jobs. With 10 metal D-rings can be used to tether smaller tools up to 1kg each. The Heavy-Duty, double-layered mesh and vinyl edging will ensure that the product stays intact, even during the roughest of jobs.

FEATURES

Superfine Mesh catches any falling small parts and debris  
 Heavy-duty split weave mesh and reinforced vinyl edge for increased product lifespan  
 10x D rings that can be utilised as anchor points to attach tool lanyards  
 8x heavy-duty open hole rivets create maximum flexibility in use  
 6x bungee hooks to allow fixing to handrails or grating

INSPECTION

In addition to routine checks before each use, all equipment should undergo regular detailed inspections, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for a thorough inspection.
