Simply scan the NLG ID tag with your phone to instantly access certificates, instruction videos and log inspections. (See Specification if included).

Third-party tested and certified

Independent laboratory load testing certificates and Declarations of Conformity are available on request. Please contact team@neverletgo.com.

DESCRIPTION

The Retractable Tool Holster is a versatile tool holster that has been specifically designed for work at height. The built-in ratchet retractable lanyard completely removes any snagging issues, and the ratchet mechanism prevents the lanyard from giving constant retraction force. With two load-rated anchor points for tool lanyards and incorporating the unique Magnox™ magnetic plate for added tool security in the event of the holster becoming inverted, the Retractable Tool Holster provides a proven solution for those using hand tools when working at height. The universal Quick Connect™ clips on the rear of the holster allow it to be easily attached to a belt or harness.

FEATURES

Unique Magnox™ magnetic plate holds tool in place and ensures added security
 Built-in ratchet retractable lanyard
 2 Integrated anchor points for convenient tool lanyard attachment
 Universal fit with Quick Connect™ buckles for easy attachment

INSPECTION

In addition to routine checks before each use, all equipment should undergo regular detailed inspections, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for a thorough inspection.
