Third-party tested and certified

Independent laboratory load testing certificates and Declarations of Conformity are available on request. Please contact team@neverletgo.com.

DESCRIPTION	<p>The Heavy Duty Hammer Holster has been developed with extensive industry input. Made from 304 Stainless Steel this hammer holster will go on performing year after year.</p> <p>With its unique horizontal gate, it makes holstering the hammer very easy. The shape of the holster allows the user to pull the hammer directly up through the holster when they want to use it - removing the snagging issues that usually occur with using tethered hammers in a standard hammer holster. The built-in captive eye creates an anchor point that a lanyard can be securely attached to. The universal backplate allows this holster to fit onto any standard webbing or leather belt. This is the ultimate heavy-duty hammer holster for professionals at height.</p>	
FEATURES	<p>304 Stainless Steel construction provides excellent durability and corrosion resistance</p> <p>Horizontal hook-shaped gate allows the hammer to easily snap straight in whilst keeping it secure</p> <p>Hammer can easily be released by being pulled up through the holster</p> <p>Unique design prevents lanyard snagging</p>	
TECHNICAL SPECIFICATION	<p>Max Load: 10 KG / 22 LBS</p> <p>Dimensions: 12cm (L) x 6cm (W)</p>	
RETAIL	<p>EAN (GTIN-13) 5060572181151</p>	<p>UNIT WEIGHT (G) 255</p>
SHIPPING	<p>HS CODE 7326.90.9890</p>	<p>COUNTRY OF ORIGIN Taiwan</p>

INSPECTION

In addition to routine checks before each use, all equipment should undergo regular detailed inspections, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for a thorough inspection.
