

NLG Training Centre Starter Kit

Product Code:
101675

Max Load:
N/A

OVERVIEW

The NLG Training Centre Starter Kit has been specifically designed with training centres in mind. As well as including a selection of NLG products the starter kit is a great visual piece to aid with training courses and to help users get started with tool tethering.

INSPECTION

In addition to routine checks before each use, all equipment should undergo regular detailed inspections, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for a thorough inspection.
