

NLG Helmet Lanyard

Product Code:
101708

Max Load:
N/A

OVERVIEW

The Helmet Lanyard is a lightweight and integrated tethering solution for one of the most commonly dropped objects, the hard hat. The hi-vis neoprene design makes it as visible as it is comfortable and keeps your helmet secure and where it's meant to be.

Third-party
tested and certified

Independent laboratory load testing certificates and Declarations of Conformity are available on request. Please contact team@neverletgo.com.

DESCRIPTION

The Helmet Lanyard provides a lightweight and dependable solution to a frequently dropped item, the helmet. This simple solution keeps your helmet secure and where it should be without getting in the way or causing discomfort.

Constructed from a hi-vis neoprene, the Helmet Lanyard is as visible as it is comfortable. The lanyard simply cinches around a secure point, accessory slot or internal harness, in the helmet. The unique Tough Teeth™ clip provides an easy and secure attachment to your clothing even if wearing gloves.

This simple and economical solution means you'll never drop your helmet again.

FEATURES

Hi-vis design provides easy visibility and promotes site compliance
 Neoprene design is comfortable and keeps out of the way
 Universal compatibility means the lanyard works with any helmet
 Non-conductive design
 Unique Tough Teeth™ clip design is effortless to attach, even with gloves on
 Safety breakaway feature ensures user safety near moving parts or machinery

INSPECTION

In addition to routine checks before each use, all equipment should undergo regular detailed inspections, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for a thorough inspection.
