NLG ID™ Serialised and safe

Simply scan the NLG ID tag with your phone to instantly access certificates, instruction videos and log inspections. (See Specification if included).

Third-party tested and certified

Independent laboratory load testing certificates and Declarations of Conformity are available on request. Please contact team@neverletgo.com.

DESCRIPTION

The GO™ Non-conductive Coil Tool Lanyard provides an excellent balance of value and performance. As part of our GO™ range, it's economical in price without compromising on what matters. Unlike other budget tool lanyards, the GO™ Non-conductive Bungee Tool Lanyard is serial numbered for easy inspection, CE marked, third-party tested and certified for drop prevention. Constructed of a compact easy-clean coil with two durable climbing cord loops for easy attachment, this lanyard has metal-free construction and is easy to maintain making it ideal for work environments that are dirty and demand non-conductive equipment.

FEATURES

Non-conductive design
 Ultra-compact design stays neatly out of the way and reduces snagging hazards
 Anti-puncture wipe clean sleeve makes cleaning easy
 Dual durable climbing cord loops for easy cinching

INSPECTION

In addition to routine checks before each use, all equipment should undergo regular detailed inspections, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for a thorough inspection.
