

# NLG Ascent Carry™

Product Code:  
101730

Max Load:  
100 KG / 220 LBS

## OVERVIEW

The Ascent Carry™ combines a bucket and a backpack creating a compact transport solution for ropes and tools alike. Constructed from our unique and ultra-durable Megatex™ and featuring a 100kg load rating, the Ascent Carry™ has been designed for transporting heavy loads.

## NLG ID™ Serialised and safe

Simply scan the NLG ID tag with your phone to instantly access certificates, instruction videos and log inspections. (See Specification if included).

## Third-party tested and certified

Independent laboratory load testing certificates and Declarations of Conformity are available on request. Please contact [team@neverletgo.com](mailto:team@neverletgo.com).

DESCRIPTION

The Ascent Carry™ is a highly versatile backpack due to its compact size. It can be comfortably carried as a backpack or easily hauled up the side of a building or rock face by tucking away the backpack straps, removing the waistbelt and utilising the load-rated lifting handles.

Designed to carry heavy loads, the Ascent Carry™ has a 100kg load rating and can carry rope, tools or materials with ease.

Internally, the Ascent Carry™ features 6 load-rated anchor points for securing tools and colour-coded loops at the base and top to manage your main and backup ropes easily.

Constructed from Megatex™, the Ascent Carry™ is extremely durable and made to withstand harsh environments and forces. Megatex™ is up to 7 times more abrasion-resistant than premium military-grade fabric.

The Ascent Carry™ features a durable water-resistant roll-top closure, that when used with the built-in compression straps secures the contents even when inverted.

FEATURES

- Constructed of our highly abrasion-resistant and durable Megatex™
- Two load-rated lifting handles
- Packaway backpack straps and removable waistbelt to create snag-free silhouette when hauling
- Removable top ring allows the bag to be packed down for easy storage when not in use
- Reinforced and raised bottom panel with drainage hole
- Water-resistant roll-top closure
- 6 integrated anchor points for multiple tool lanyard attachment
- Dual colour-coded loops at base and top to easily manage main and backup rope
- Clear window for including personal ID or to illustrate contents of the bag
- Internal zippered pocket to organise small items
- Full length load-rated external daisy chain for easily attaching items to the bag

INSPECTION

In addition to routine checks before each use, all equipment should undergo regular detailed inspections, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for a thorough inspection.
