## Third-party tested and certified

Independent laboratory load testing certificates and Declarations of Conformity are available on request. Please contact [team@neverletgo.com](mailto:team@neverletgo.com).

DESCRIPTION

The Linesman Pouch is a versatile tool bag features 4x internal load rated anchor points (5KG load rating each) and is designed to keep your tools secure and easily accessible.

The Linesman Pouch provides a variety of mounting options allowing you to attach it securely to a belt, harness or a rail. This makes it a truly versatile option for a number of industries.

Built from a lightweight yet durable material the Linesman Pouch is built for harsh work environments and features a reinforced base to prevent punctures.

The main compartment is secured using a secure velcro closure, which can be stowed out the way when not in use. Additionally, the bag features two front pockets with velcro closures and a small zippered compartment for small items.

FEATURES

4x Internal Load Rated Anchor Points (Max Load: 5 KG each)  
 External D Rings on rear of the pouch allow it to be mounted onto a harness, belt or onto a rail  
 Velcro top flap can be easily stowed inside the bag to prevent interference when using tools from the bag  
 2x External front slip pockets with stowable flap for easy access  
 Front zippered pocket to secure small items  
 Reinforced base to prevent punctures

INSPECTION

In addition to routine checks before each use, all equipment should undergo regular detailed inspections, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for a thorough inspection.
