NLG ID

Scan the orange tags on any NLG product to access detailed product info, certification and installation videos.

01

For best results, rotate the clip 90 degrees to swivel.

02

Pull the thumb bar down to open the clip.

03

Attach the open clip to the tether point or anchor point and release the thumb bar.

04

Check that it is securely fastened at both ends with a gentle tug on the lanyard.
