

## INSTRUCTIONS

# TETHER SHACKLE

### CODE

Small → 101601  
Medium → 101602  
Large → 101603  
XL → 101604

### MAX LOAD

↳ 10KG / 22LBS

### NLG ID

Scan the orange tags on any NLG product to access detailed product info, certification and installation videos.

### NOTE

We recommend using thread locker, although not essential, it is important the user checks the bar is tight before use.

01

Select the correct size of Tether Shackle that allows enough room for tool lanyard connection.

02

Unscrew the bar and slide back and attach to the tool.

03

Screw the bottom bar into place and tighten securely with an allen key.

04

Check Tether Shackle is securely attached to the tool.
