

INSTRUCTIONS

SPACENET™ 2.0 REPLACEMENT SLINGS

CODE
↳101767

MAX LOAD
↳20KG / 44LBS

NOTE

Only to be used in conjunction with the NLG Spacenet 2.0 (101672) and correct installation is the users responsibility

01

Open the Delta Quick Link on your 'old' slings (Triangular mallion) by unscrewing the nut.

02

Remove the 'old' slings from the frame of the Spacenet.

03

Open the Delta Quick Link (Triangular mallion) on your replacement slings by unscrewing the nut. Keep the new sling attached.

04

Attach the quick link to the frame of the Spacenet and screw the nut closed, finger tight. Repeat this process for the other 3 connections.
